Emergency Paging Mic Panel

EMERGENCY PAGING PANEL

EP1200 is an essential paging tool for firemen during emergency, or when direct paging to all zone is required at the equipment rack. It shall allow direct access to the PA system which would bypass incoming BGM or other normal paging in progress.

Its built in siren tone generator can be triggered manually via the front panel switch or via external fire sensor or fire switch by providing a close contact to the connector at the back of the unit.
